WORK HISTORY

04/2022 – Current

Data Analyst (Remote)

Digital Echoes – London, UK

- Collected and analyzed key information to identify issues, patterns, and trends, leading to a 12% increase in sales revenue.
- Developed a library of dashboard models and reusable knowledge-based assets to deliver consistent and streamlined business intelligence results.
- Collaborated as part of a team of four analysts to redefine and track KPIs related to sales improvement using Power BI.
- Oversaw complete data preparation lifecycle—cleaning, transforming, and validating datasets—to ensure reliable inputs for performance models and accurate KPI reporting.
- Reviewed performance benchmarks and established metrics for future tracking and evaluation.
- Developed Excel-based reporting tools to extract and present performance metrics, enabling clearer insights and more informed resource allocation.

07/2014 – 02/2022

Financial Systems Analyst

Ameritures Investment Limited – Lagos, Nigeria

- Analysed loan management systems and operational data to identify inefficiencies, leading to a 22% reduction in total debt through targeted strategy recommendations.
- Leveraged trend and behavioural data to redefine responsive customer segments, improving loan disbursement turnaround and contributing to a 27% increase in revenue.
- Collaborated with finance, marketing, and operations teams to integrate financial and customer management systems, resulting in a 40% boost in workforce productivity through streamlined workflows.
- Executed comprehensive data cleaning procedures to enhance dataset reliability, supporting performance models and dashboard KPIs.
- Led a consulting initiative to deliver a detailed feasibility study for clients establishing a money lending business in Ibadan, offering data-backed financial and operational projections
- Directed the automation of manual accounting processes for clients, developing tailored system solutions and conducting staff training to ensure smooth adoption
- Prepared and maintained financial reports and offering insights that support strategic planning and stakeholder confidence.

06/2007 – 05/2014

General Manager- Operations & Finance

Citygate Global – Lagos, Nigeria

- Enhanced sales operations by demonstrating the clear link between current policies and business results.

- Collaborated with the IT and Marketing Departments to streamline loan disbursement processes, reducing delays and back orders by 18%.
- Integrated data collection and reporting with applications like Excel to boost productivity
- Transformed project data requirements into detailed project data models.
- Enhanced data integrity and quality through cleaning, which supported the development of models and KPI outcomes.
- Oversaw the operations of various departments and branches
- Reported directly to the Managing Director / CEO.
- Prepared financial report for management and the board of directors
- Prepared and filed quarterly and annual returns with the Securities and Exchange Commission.
- Coordinated day-to-day operations and developed strategies to improve processes and services.
- Prepared monthly performance review of all the branches
